Mfg. Of All Types Of Silicone Sealant

EZYBOND 
Let's Bond Together

WHO WE ARE

We have commenced and established a company named ezybond industries. Our main product is silicon sealant (Adhesive in multipurpose use) with brand Name **EZYBOND**. It is high performance sealant for ACP, Metal, Ceramic, Wood, Glass, Door, Aluminum.

We have latest in-house manufacturing facilities for silicon sealant and vision to make one of the most renowned brand In silicon sealant.

Ezybond industries is a joint ventures of the Super Pack Industries, Motson Fasteners & Varmora Forge

Ezybond industries considers trust and reliability as the guiding principles. Delivering World class product and service to our valued customers is what motivates us. We continue to increase our distribution across India and in international markets On and ongoing basis and is our key strategy to grow our business.

QUALITY IS ONLY PRIORITY

OUR VISION

We believe in transparency, integrity and customers satisfaction. We have strongly Emphasized the quality standard and price of our product range. Our constant Need to improve and further our horizons led to innovation. Consistency in Quality is the main focus for every production team in Ezybond industries.

Ezybond industries follows a strict system of inward testing all raw material With a specific quality control guidance for each.

EZY AC 101

Ezybond AC 101 is a Acrylic polymer based sealant. easy to apply, dries quickly, and can be painted over once it has cured. it has very good adhesion on most porous surfaces. It is also resistant to water, weather, and UV radiation, making it suitable for use both indoors and outdoors. Acrylic sealant can be used to seal gaps and joints in walls, windows, doors, and other surfaces. due to its unique composition, it heavily reduces any risk of cracking.

EZYBOND AC 101 COLOURS

Available In : 300 ml

Master Packing 24 Cartridge

EZY GU 202

EZYBOND GU 202 - General Purpose Silicon Sealant is high quality one part, acetoxy cure silicone sealant easy to apply for interior gap filling application. Ezybond GP offers excellent adhesion with cost effective for general purpose application. It is a RTV moisture cure sealant, resistant to ozone, ultra-violet radiation and temperature extremes. EZYBOND general purpose - GP manufacturing form reputed & pure silicone polymer to get better quality of products. It is easy to apply to a variety of nonporous substrates such as glass, Aluminium, ceramics, fibreglass, sealing pipe joints, ductwork, air conditioning system, sanitary use. It can be used anywhere where there is a gap present.
